

Indicator lights and what they mean

Blue light:

Your device is charging.

Green light:

Your device is fully charged and is in standby mode.

NOTE: For iOS devices, the green light indicating a full charge will not turn on.

Power Pad Qi 30W Wireless Charge Pad

Welcome Guide

Thank you for purchasing the atomi Power Pad Qi.

The atomi Power Pad Qi is optimized to work with iPhone® 8, iPhone® 8 Plus and iPhone® X, but it also charges any devices with Qi wireless charging.

Featuring Qi charging technology, you can charge up to three Qi supported devices quickly and wirelessly at the same time.

NOTE: If a device is not Qi compatible, you will need a Qi receiver to charge the device.

What's Inside

1. Power Pad Qi
2. 5ft power supply
3. Welcome Guide

Specifications

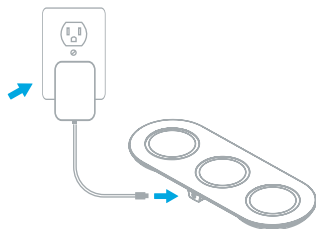

Input: 9V 3.5A
Output A: 5V1A, 9V 1A
Output B: 5V1A, 9V 1A
Output C: 5V1A, 9V 1A

Each charging pad provides 10W of power

Charging Your Wireless Device

1

Connect the power supply to the wall outlet and to the charging base.

2

Place the devices on the center of your Power Pad Qi. Make sure the device is aligned over the center of the charging base. Charging will begin on contact.
