Qi Wireless Charge Stand

10W Fast Charge

Welcome Guide

Thank you for purchasing the atomi Qi Wireless Charge Stand.

The atomi Qi Wireless Charge Stand features Qi technology that allows you to charge a compatible device quickly and wirelessly through electromagnetic induction.

All you have to do is place any compatible device on top of the Wireless Charge Stand to charge it.

NOTE: If a device is not Qi compatible, you will need a Qi receiver to charge the device.

High Speed Charging

The atomi Qi Wireless Charge Stand will deliver up to 10W of fast wireless charging to the iPhone® once fast wireless charging is enabled with a free software update later this year.

What's Inside

1. Qi Wireless Charge Stand
2. Welcome Guide

Specifications

Input: 5V 2A, 9V 1.67A

Charging Your Wireless Device

1
