

Qi Wireless Wake

10W Wireless Charger + 1W Alarm Clock

Welcome Guide

Charging Your Wireless Device

1

Plug your Qi Wireless Wake into a USB charger.
(USB charger not included)

Please use QC 2.0 or higher adapter to enable fast charge.

2

Insert the device in your Qi Wireless Wake.
Charging will begin on contact.

Indicator lights and what they mean

Blue light:
Your device is charging.

Green light:
Your device is fully charged
and is in standby mode.

NOTE: For iOS devices, the green light indicating a full charge will not turn on.

Light activates when phone is inserted and begins charging. Glowing light slowly cycles between high light to low light while charging.

Thank you for purchasing the atomi Qi Wireless Wake.

The atomi Qi Wireless Wake features Qi technology that allows you to charge a compatible device quickly and wirelessly through electromagnetic induction.

All you have to do is place any compatible device on the Qi Wireless Wake to charge it.

NOTE: If a device is not Qi compatible, you will need a Qi receiver to charge the device.

Setting Up Your Clock

Press **clock set** button for 3 seconds to adjust alarm and clock time with scroll wheel, press **clock set** again to set time. Clock time blinks while adjusting.

Rotating scroll wheel adjusts alarm and time

Steps

- a) Press and hold **clock set** for 3 seconds to set up time.
- b) 1st press for alarm hour setup, 2nd press for alarm minute setup, 3rd press for hour setup and 4th press for minute setup. Scroll wheel to adjust. Press **clock set** to confirm and move on to next step.

Returns back to normal mode if no action is made after 15 seconds.

Snooze:

While the alarm is sounding, press the snooze button to temporarily silence the alarm for 5 minutes. Alarm will repeat for 1 minute after 5 minutes of standby.

When the alarm is not ringing, press **snooze** to adjust screen brightness (strong, middle & weak).

Note:

- Alarm icon indicates alarm setup is on.
 - At the set time, the alarm will sound for 1 minute (60 seconds).
 - Press **clock set** once to turn **OFF** alarm.
- Alarm will turn off automatically after 1 minute if no button is pressed.
